¹ Key charges are allowed when container access requires the driver to carry a key and unlock a lock to empty the container. Key charges do not apply if a customer's lock is left in the unlocked position.

² Enclosure charges are allowed when collection requires removing a container from an enclosure and replacing it when emptied.

³ Gate service charges are allowed when collection requires opening a closed or locked gate in order to access a container.

⁴ Long walk charges are allowed when a container is placed further than 10 feet from where the collection vehicle has access. The first increment of distance is charged for container placement between 10' and 50'. Additional distance charges are assessed for each additional 50' or increment thereof.

⁵ Vehicle charges are based on 50' distance factors. The first increment of distance is charged for can placement between 5' and 50' of the curb or designated collection location. Additional distance charges are assessed for each additional 50' or increment thereof, to a maximum charge for 300'. For customers requesting distance services for Carts, the Cart will be left empty at the curb or the calculated charge doubled to return the Cart to the original collection location.

Note: Bulky waste items that require Freon removal will be assessed an additional charge as posted at the landfill or transfer station.
