

RESOLUTION NO. 380.

WHEREAS, the City of San Anselmo is presently co-operating with the County of Marin in sponsoring a supervised recreation program within the City, and

WHEREAS, said program is under the direction of the County Defense Recreation Committee, and is receiving from Lanham Act funds through the Federal Works Agency, a considerable portion of its revenue, and

WHEREAS, the Federal Works Agency may not continue its funds after February 28, 1945, unless the county and cities either provide more cash contribution than at present or exhibit to the Federal Works Agency sufficient evidence that they are unable to provide more contributions, such financial requirements being by Lanham Act policy, and

WHEREAS, this City is a war impacted community and has had approximately a forty per cent increase in population since the war began, with an attendant heavy burden placed on all community facilities, especially the schools and playgrounds, and

WHEREAS, the present supervised recreation program with Lanham Act funds is fulfilling a substantial need in providing desirable recreation for countless servicemen and war workers' families in this area, and therefore contributing to the war effort, and

WHEREAS, the City of San Anselmo is now doing all it can, financially and otherwise, to assist this war time recreation program, and

WHEREAS, the local contribution is now larger than last year, and

WHEREAS, the tax rate is now and has been for many years at the maximum legal limit, and

WHEREAS, the available revenue for this fiscal year has already been carefully budgeted to July 1st, next year, and

WHEREAS, the post war reserve of \$19,000 has been earmarked for that purpose, and

WHEREAS, the bonded indebtedness is now \$23,000, and

WHEREAS, the salaries of municipal employees have necessarily been increased, and

WHEREAS, the entire existing cash surplus in the City treasury is earmarked to care for the capital expenditure needed, including necessary recreation plant replacements,

NOW, THEREFORE, BE IT RESOLVED that the City of San Anselmo requests the Federal Works Agency to provide sufficient Lanham Act funds to continue this recreation program the balance of the fiscal year, February 28th to July 1st, 1945, without a proportionately larger local contribution.

The above information, in our opinion, constitutes a reasonable position regarding the allocation of Lanham Act funds, and should be sufficient justification as to why this Community is unable to provide further direct financial aid.

Signed and sealed this twelfth day of December, 1944.

A. von Potz
Mayor of the City of San Anselmo
