List briefly, previous experience serving in public office, and/or on civic commissions, boards, or committees:

None, although I have participated in campaigns for local measures (e.g., 2005 Ross Valley School District bonds, 2010 library parcel tax).

Reasons for this appointment:

I'm a long-time San Anselmo resident and patron of the San Anselmo library who wants to make sure the library continues to enrich the lives of residents of all ages and plays an important role within the San Anselmo community. I think that the library's administration has done a wonderful job of "making a lot from a little" with the tight budgets of the past few years. Now that the library has added resources, I would like to help make sure that the added money is used wisely and that services most important to the community are offered and publicized so that voters will continue to support funding for the library in the years to come.

What are your qualifications for this appointment:

- Avid reader and user of various library resources for as far back as I can remember.
- Spent a school year as a student library/media-resources assistant while in ninth grade.
- Managed library/research budget and operations for major real estate investment management firms from 1994-2001 and 2003 to 2010.

Briefly, what do you consider to be the most important, one or two current issues facing this Board/Commission/Committee?

1. How to best put to use the additional money that is provided through Measure B.
2. Is there a need to improve community awareness of library services/resources and any special events? If so, how can we best accomplish that objective?

I understand that I, and all other applicants, will be personally interviewed by the Town Council as part of the selection process for this appointment.

List briefly, previous experience serving in public office, and/or on civic commissions, boards, or committees:

I have been the Chief Polling Inspector at the Fairfax Library and worked with the Marin Registrar of Voters office for approximately 11 years. I have not held a public office. My activities have been primarily of a volunteer or professional nature.

Reasons for this appointment:

I care passionately about libraries, and naturally, my town's library. When my son and I moved here 17 years ago, the very first thing we did after receiving proof of residence, was march to the library and get our cards. I believe our library sets and reflects the intellectual and cultural standards of the community, occupying a unique place in our town. I have much to contribute to its continued health and vibrancy.

What are your qualifications for this appointment:

I worked in the book business for 25 years. During my tenure at one of the top bookstores, I organized what was recognized as the best author series in the country; built a children's store within the store; and handled all publicity and community outreach activities. As a member of the League of Women Voters, I'm very involved with the Media Outreach (involved with the website and Facebook page, training in the making of documentaries, and learning how to stage candidate debates), International Relations and Healthcare committees - all focused on educating and informing the voters of this county.

Briefly, what do you consider to be the most important, one or two current issues facing this Board/Commission/Committee?

I see the spending of the revenue from the recently approved parcel tax in visible and impressive ways that make a difference as one of the most important and challenging issues for the library. Next of importance might be a concerted effort to educate patrons in the use of the technology that is becoming increasingly central to the library experience.

I understand that I, and all other applicants, will be personally interviewed by the Town Council as part of the selection process for this appointment.
