- 5. The fraction of final compensation specified in paragraph 4 shall be reduced in the case of each member whose position is covered by Federal Social Security to 1/90 for application to that part of final compensation which does not exceed the monthly equivalent of the maximum annual amount included in "wages" under Section 209, Social Security Act, it being recognized that such maximum may be changed from time to time by amendment to said Social Security Act and intended that any such change subsequent to the effective date of this contract shall not affect the amount of any retirement allowance based on service during any period prior to the date of such change.

6. Benefits on account of each year of prior service shall be as provided in Section 21253 except that the fraction of final compensation otherwise provided therein shall be reduced by 1/3 for application to the first \$400 per month of final compensation in the case of each member whose position is covered by Federal Social Security.
7. The retirement benefits payable upon retirement for ordinary disability shall not be affected by the modification provided in Paragraph 5 of this contract except that for the purposes of the limit on any such allowance imposed under Section 21297, Government Code, allowances for retirement for service shall be computed according to the modified formula set out in Paragraph 5 of the contract. All other provisions of this contract shall be fully applicable to the computation of allowances upon retirement for disability.

11. Contributions required of Public Agency and its employees shall be subject to adjustment by Board on account of amendments to the State Employees' Retirement Law, and on account of the experience under the Retirement System, as determined by the periodical investigation and valuation required by said Retirement Law.
